

MODEL 282

12-24V or 36V LED DOME LAMP

Excellent interior lighting with low current draw.

The Model 282 12-24V LED Dome Lamp is a low profile dome or compartment lamp that provides lots of light with a wide, uniform dispersion. With a low current draw, this lamp is ideal for applications where the operator requires excellent lighting inside the vehicle.

Available with a clear, hazed (pictured), or semi-frosted lens, this lamp is perfect for agriculture, construction, forestry, or utility vehicle cabs. Also available with an optional integrated Deutsch 2-pin connector.
