

MODEL 8450

HID WORK LAMP

*Great value and high performance
in this High Intensity Discharge
lamp.*

This standard duty HID (high intensity discharge) work lamp is available in 12- or 24-volt models for agriculture, light construction or specialty truck applications. Brilliant, automotive-style reflector optics provide either spot, trapezoid, or flood light patterns. All stainless steel mounting hardware, an integrated 2-pin Deutsch connector, glass lens, and impact-resistant nylon housing make this lamp hard to beat for value and performance.

For heavy duty applications see our Model 9710-12V or 9720-24V lamps.
