YOU WANT IT, WE'VE GOT IT
LED Lighting to Outfit Your Entire Rig!

ABOUT J.W. SPEAKER
Established in 1935, J.W. Speaker is the world’s leading manufacturer of innovative off-road LED lighting products. If you demand superior visibility, extreme durability and unmatched longevity, look no further than J.W. Speaker:

• OEMs such as Harley-Davidson, Polaris, and Chrysler use J.W. Speaker products because our engineered beam patterns are second to none.

• Extensive use in Iraq & Afghanistan are a testament to the military-grade construction and dependability of J.W. Speaker’s LED lighting products.

• J.W. Speaker products are built to last. We back up this statement by offering the industry’s leading warranty. Period.
LED HEADLIGHTS

Off-Road enthusiasts trust J.W. Speaker’s premium performance LED headlights because of their superior visibility, rugged durability, and unique look that comes with every product.

SUPERIOR VISIBILITY

RUGGED DURABILITY

• The same heavy duty construction we use for the U.S. Military
• Solid state electronics withstand shock and vibration
• No breakable bulbs, fragile filaments or sensitive electrodes
• Last 50+ times longer than stock halogen headlights
• Designed, manufactured and assembled in the U.S.A.

UNIQUE LOOK
**MODEL 8700 EVOLUTION 2**

7” ROUND LED HEADLIGHT

- Market-leading light output
- Beam patterns maximize visibility
- New ComfortLite™ high beams
- Jeeps require Anti-Flicker Harness (2007 and newer Jeep Wrangler JKs)

LED AUXILIARY LIGHTS

Experience the power of J.W. Speaker’s LED auxiliary lights! Available in a variety of different shapes, sizes and beam patterns, our lineup of trail-ready lighting will provide you with years of premium performance both on and off the road.

AMAZING POWER

CUTTING EDGE DESIGN

TRAIL-READY PERFORMANCE
MODEL 832
4" X 4" LED AUXILIARY LIGHT

• Die-cast housing & impact-resistant lens provide rugged durability
• Super bright LEDs provide maximum visibility & increase safety
• IP69K seal rating to protect against dust & water ingress
• Great for mounting in tight areas (less than 3” depth)

Raw Output: 3,900 Lumens
Effective Output: 2,400 Lumens
Operating Voltage: 10-32V DC
Mating Connector: 2-pin Deutsch connector (DT06-2S)
Standards: Sealed to IP69K

Mounting Options:

• A-Pillar
• Front Bumper
• Rooftop
• Rear Bumper

MODEL 840 XD
4" X 4" LED AUXILIARY LIGHT

- Thermally-conduction housing maximizes performance of LEDs
- Extremely compact & lightweight
- Corrosion- and impact-resistant
- IP69K seal rating to protect against dust & water ingress

Raw Output: 1,080 Lumens
Effective Output: 780 Lumens
Operating Voltage: 10-30V DC
Mating Connector: 2-pin Deutsch connector (DT06-2S)
Standards: Sealed to IP69K

Mounting Options:
- A-Pillar
- Front Bumper
- Rooftop
- Rear Bumper
