## APPLICATIONS

---

## INSTALLATION & APPLICATION INFORMATION

---

The headlights are designed to operate in a 2 lamp array. It requires 2 lamps to meet the legal requirements for both the high and low beams.

Headlight must be securely mounted and properly aimed such that the beam pattern cut off line complies with all applicable regulations. If you are not familiar with the legal requirements for aiming your headlights, please see a professional service provider. We recommend that headlights are aimed with a headlight aiming system for proper alignment.

## ADDITIONAL INFORMATION

---

Note about Front Position: The front position light is a requirement outside the United States. **If your bike is operated in the United States you do NOT need to connect this wire (red)** unless your bike is equipped with a front position light.
