PRODUCT INFORMATION

Description 12-24V DOT LED Heated Red Stop, Tail,

& Turn Light

 Height
 20.28 mm / 0.8 in

 Width
 110.14 mm / 4.34 in

 Depth
 39.53 mm / 1.56 in

Shape Round

Outer Lens Material Polycarbonate

Outer Lens Color Clear

Housing Material Polycarbonate

Housing ColorBlackBezel ColorRedMounting TypeGrommetConnector or WiringBare Leads

Mating ConnectorNone. 3-Pin AMP Connector

(#282087-1) sold separately.

Product Weight 0.31 lbs / 0.14 kgs **Shipping Weight** 0.48 lbs / 0.22 kgs

Additional Information Power supplied in any mode will power

the heater. If power is not supplied to the heater, the light will not be heated.

Turn off power before installing.

APPLICATIONS

SMARTHEAT™ HEATING SYSTEM

The SmartHeat[™] heating system senses ambient temperature and turns the integrated heating system in the lens on & off. This system actually clears ice & snow twice as fast as conventional halogen lamps.

When does the heater turn on?

Heater turns on or off according to temperature changes and vehicle power:

- Heater will turn on when temperatures drop, generating enough heat to prevent ice build-up.
- Heater will turn on when powering up, de-icing the light as rapidly as possible.

When does the heater turn off?

Heater will turn off when it senses temperatures increase and are above the high temperature threshold.

Learn more about this technology here.

See Additional Information on page 1 for heated wire installation
