

MASTER THE CORNERS WITH CONFIDENCE

RIDE HARDER, RIDE SAFER.™

The NEW Adaptive 2 Series headlights from J.W. Speaker have been improved to feature Adaptive technology when using the high beam, in addition to the low beam.

HOW IT WORKS

Right Turn with Halogen Light

Right Turn with Adaptive Light

The Adaptive 2 Series is available now at your authorized J.W. Speaker dealer. For more information visit www.jwspeaker.com/Adaptive2

J.W. SPEAKER
Engineered. Lighting. Solutions.

MASTER THE CORNERS WITH CONFIDENCE.

The fixed light pattern of other headlights create dark areas when the rider is taking a corner. The Adaptive 2 Series headlights dynamically sense the leaning angle of the bike to provide additional light to fill dark corners with bright, white light, for a safer riding experience. The NEW Adaptive 2 Series headlights have been improved to feature Adaptive technology when using the high beam,

in addition to the low beam. Providing ditch-to-ditch lighting to eliminate dark corners on sharp turns and a punch of light 1,500 feet down the road to give you a safer and more confident ride.

The Adaptive 2 Series headlights comply with:
Buy America Standards, ECE Reg 113 Class D, ECE Reg 50, FMVSS 108 Table XX, IEC IP67

7" Round Headlights

Designed to fit nearly any 7" bucket

Part No.	Model 8790 Adaptive LED Headlights
0555011	Bucket Mount with Black Bezel
0555031	Bucket Mount with Chrome Bezel
0555051	Bucket Mount with Black Bezel & Mounting Ring
0555061	Bucket Mount with Chrome Bezel & Mounting Ring

7" Round Headlights

Designed for bikes without a headlight bucket

Part No.	Model 8791 Adaptive LED Headlights
0555071	Pedestal Mount with Black Bezel
0555081	Pedestal Mount with Chrome Bezel

5.75" Round Headlights

Designed for bikes without a headlight bucket

Part No.	Model 8691 Adaptive LED Headlights
0555111	Pedestal Mount with Black Bezel
0555121	Pedestal Mount with Chrome Bezel

Dual 5.75" Round Headlights

Designed to fit 2013 and earlier Road Glides

Part No.	Model 8692 Adaptive LED Headlights
0555131	Bucket Mount with Black Bezel
0555141	Bucket Mount with Chrome Bezel

Diamond Shaped Headlights

Designed to fit Victory® motorcycles; DOT-Compliant Only

Part No.	Model 8695 Adaptive LED Headlights
0555151	Bucket Mount with Black Bezel
0555161	Bucket Mount with Chrome Bezel

LED NON-ADAPTIVE SERIES

High performance LED upgrade motorcycle headlights.

The non-adaptive series of LED motorcycle headlights combine a heavy-duty, die-cast aluminum housing, signature solid optics, and state-of-the-art LEDs to provide a sleek look and deliver premium performance!

These are the first headlights to offer ComfortLite™ technology with both high and low beam functions. On low beam, you'll get added foreground illumination to improve rider visibility and conspicuity. On high beam, you get illumination above the horizon and a powerful punch of light down the road.

Engineered to be dual-compliant (DOT & ECE) fixed headlights, they are also 100% street legal anywhere in the world!

MODEL 8790

7" Round Headlights

Designed to fit nearly any 7" bucket

Part No.	Model 8790 LED Headlights
0553421	Bucket Mount with Black Bezel
0553431	Bucket Mount with Chrome Bezel
