

LED COMPACT WORK LIGHTS

MODEL 792 | MODEL 795 | MODEL 892 | MODEL 893 | MODEL 894 | MODEL 4417

BUILT FOR RUGGED ENVIRONMENTS TO KEEP YOU SAFE AND ILLUMINATED

Our compact LED work lights are ideal for diverse work environments, from construction to agriculture sites. These lights boast exceptional energy efficiency, reducing operational costs while delivering maximum brightness. By illuminating the workspace, you make it easier for workers to complete tasks and increase safety. The machinery used at job sites is heavy-duty, and employees need to see where they drive vehicles.

Designed for straightforward installation, these compact portable work lights enable quick deployment in critical situations. You can easily install the light on your agriculture, construction, mining, or other industrial vehicle. Our compact LED work lights provide reliable illumination that enhances productivity and safety.

MODEL 792

Maximize Productivity

The Model 792 LED Compact Work Light is engineered with tight spaces in mind. The low-profile design of the work lights provides an ideal lighting option for a variety of applications. This durable light is available in both pedestal and panel mount options with 2,000 effective lumens of powerful light output, providing crucial illumination for the safety, productivity, and comfort of workers.

MODEL 795

Ensure Compliance

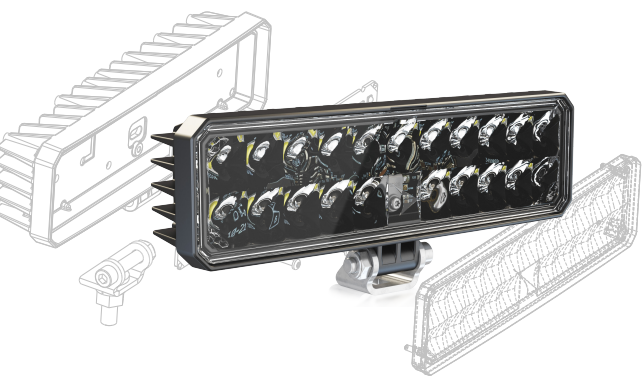

The Model 795 LED Amber/White Compact Work Light is designed to help workers transport equipment between locations while staying compliant with on-road safety regulations. Ensuring they have the necessary illumination to tackle the toughest tasks with confidence and clarity the Model 795 projects a powerful 1,980 lumens of forward lighting.

MODEL 892

Increase Confidence

See clearly when you need it most with the Model 892 LED Compact Work Light. The second work light in the Compact Work Light Family takes illumination to the next level. The pedestal style LED light projects 3,300 lumens for forward lighting that cuts through the darkest nights and most inclement weather. Use it in agriculture, construction, mining and even off-road environments to help keep your crews productive and safe.

MODEL 893

Optimize Safety

The Model 893 LED Compact Rectangular Work Light uses its unique low-profile design to project a wide beam of light in the most harsh and limiting conditions. Dependable and brighter than a standard work light, the Model 893 projects a wide beam of light via custom lens optics producing 3,700 lumens in front of your vehicle for incredible visibility.

MODEL 894

Nonstop Productivity

Cut through the darkness with the Model 894 LED Compact Work Light. Projecting an incredible 7,750 lumens for forward lighting that cuts through the darkest nights and most inclement weather to help keep your crews productive and safe. The Model 894's pillow optical system delivers superior lighting performance. They ensure that light is distributed evenly, reducing glare and shadows while improving overall efficiency and user comfort.

MODEL 4417

Reduce Down Time

Elevate your job site with our all-new Model 4417, designed for industrial, agriculture, and construction environments. This high-performance work light delivers an exceptional 2,200 lumen, high-intensity flood beam to penetrate even the darkest corners and provide maximum visibility where you need it most. Whether on a construction site, in the field, or managing complex jobs, our LED work lights ensure you work safely and efficiently, providing the reliability and illumination you need to get the job done right.

Model 792

- 3" x 4" Work Light
- Available in pedestal or panel mount
- 2,000 effective lumen output in a flood/trap pattern

Part No.	Description
1603921	12-24V LED Compact Work Light with Pedestal Mount
1603951	12-24V LED Compact Work Light with Panel Mount
1603931	36-80V LED Compact Work Light with Pedestal Mount
1603971	36-80V LED Compact Work Light with Panel Mount

Model 795

- 3" x 4" Work Light
- Available in pedestal mount option
- 1,980 effective lumen output in a flood pattern

Part No.	Description
1604221	12-24V LED Amber/White Work Light Pedestal Mount

Model 892

- 4" x 4" Work Light
- Available in pedestal mount option
- 3,300 effective lumen output in wide, flood beam pattern

Part No.	Description
1603961	12-24V LED Work Light Pedestal Mount

Model 893

- 3" x 8" Work Light
- Available in pedestal mount option
- 3,700 effective lumen output in wide, flood beam pattern

Part No.	Description
1300671	12-24V LED Work Light with Pedestal Mount

Model 894

- 3" x 17" Work Light
- Available in pedestal mount option
- 7,750 effective lumen output in wide, flood beam pattern

Part No.	Description
1300781	12-24V LED Compact Work Light with Pedestal Mount

Model 4417

- 3.5" Round Work Light
- Available in pedestal mount option
- 2,200 effective lumen output in wide, flood beam pattern

Part No.	Description
1604231	12-24V LED Work Light Pedestal Mount
