MODEL 234 - Heated & Non-Heated Color and Flashing

BE SAFE, YOUR WAY

Bold and bright, you won't be missed! The Model 234 comes in 5 different SmartHeat® color options: Amber, Blue, Green, Red, and Clear. Available accessories include a rubber mounting grommet, plastic mounting flange and 2 different trim rings to facilitate installation into different types of vehicles.

Safety from all sides. Model 234 provides 3 different flash modes, an exclusive SmartSync™ system to put lamps in simultaneous or alternating flash pattern. 2-in-1 dual function strobe and turn with turn override wire.

As a durable and efficient LED, the Model 234 is guaranteed to provide bright light that commands the attention of drivers behind you, alerting them to your next move. LED lights reach maximum intensity faster than incandescent counterparts, giving drivers more time to react and make necessary adjustments to avoid collisions.

4" Round LED Tail Lights, Stop, Tail Turn Lamp - Heated

Part No.	Description
0348781	12-24V ECE DOT Stop Tail Turn Lamp - with Heat
0443751	12-24V ECE DOT Reverse Light - with Heat
0348761	12-24V ECE DOT Turn Signal Light - with Heat
0348801	12-24V ECE DOT Stop Tail Turn Lamp - Stud Mounted - with Heat

4" Round LED Tail Lights, Stop, Tail Turn Lamp - Non Heated

Part No.	Description
0348791	12-24V ECE DOT Stop Tail Turn Lamp
0348771	12-24V ECE DOT Turn Signal Light
0443761	12-24V ECE DOT Reverse Light
0348811	12-24V ECE DOT Stop Tail Turn Lamp - Stud Mounted

4" Round LED Tail Lights - Flashing - Heated

Part No.	Description
0647471	12-24V DOT Flashing Lamp - with Heat
0647451	12-24V DOT Flashing Lamp - Blue - with Heat
0647431	12-24V DOT Flashing Lamp - Amber - with Heat
0647461	12-24V DOT Flashing Lamp - Green - with Heat
0647441	12-24V DOT Flashing Lamp - Red - with Heat

Model 234

Heated 4" Round LED Tail Lights, 12-24V DC Input

- 12-24V heated LED signal & strobe lights
- Meets SAE J595 Class II and SAE J588 Strobe standards
- SmartHeat® technology to melt snow & ice
