Engineered. Lighting. Solutions.

ADD BRIGHTNESS, CONVENIENCE & STYLE TO ANY VEHICLE

Looking to brighten your workload? Seeking a bigger, safer adventure? Choose the compact, lightweight Model 905 work light or Model 260 rear combination light (RCL) for crisp, clear, expansive illumination in any setting. Sleek, stylish and convenient, this family of LED powerhouse lights boast better functionality than halogen lights at about half the weight.

Use the Model 260 to clearly let others know where you're going with every brake, turn, backup, and more. Use the Model 905 for broad, brilliant illumination — or use both solutions together for the confidence to conquer any journey or worksite. Featuring lightweight assembly, multiple mounting options, and stunning lens options, these compact work lights are perfect for every task and application.

Model 905 LED Work Light
(Flood Beam)

(Stop, Tail, Turn, Fog, Reverse)

Customizable For Any Application

These versatile LEDs offer OEMs cost-competitive, eye-catching options for their next design. Lighter, smaller and more powerful, they can be customized easily to fit into more types of applications and designs. Available in 12-24V, these LED lights are ideal for energy-conscious vehicles and applications.

Make Them Your Own

Sometimes, a brand name can say it all. All versions of both the Model 905 Work Light and Model 260 Rear Combination Light can be customized to include your logo so your brand is visible from every angle.

Model 260

REAR COMBINATION LIGHT

DOT/SAE: 11" X 2" X 1/2"

ECE: 11" X 2" X 3/4"

The highly versatile, Model 260 Rear Combination Light (RCL) offers impressive functionality on vehicles whether you're at work or play. This rear LED comes in two versions with a wide range of features that enhance convenience and safety, including a Red Lens and Clear Lens option.

Red Lens (DOT/SAE)

- Stop
- Tail
- Turn

Clear Lens (ECE)

- Stop
- Reverse
- Directional
- Fog
- Tail

Model 260 DOT/SAE RCL Red Lens

Model 260 ECE RCL Clear Lens

Model 905

WORK LIGHT

11" X 2" X 1/2"

Choose the Model 905 Work Light as a comprehensive dusk-to-dawn lighting system. Place the Model 905 on a wide range of work vehicles or stations with ease, with available panel and pedestal mount options. Designed and engineered to get attention while you get your work done safely via multiple expansive lighting options.

LED Backup + Work Light

Alert others that your vehicle is backing up with LEDs that brighten up any area with a wide, expansive 1,400 lumen flood beam pattern.

LED Diffused Work Light

Use a powerful, flood beam pattern with an aesthetically pleasing work light that combines style and function.

Model 905 LED Backup + Work Light

Model 905 LED Diffused Light

Model 905 and Model 260 is available at your authorized J.W. Speaker dealer.
