

MODEL 407 SLIM

MAXIMUM VISIBILITY, MINIMUM SPACE

Slim, Bright, & Built to Last

The Model 407 Slim delivers high-performance LED strobe lighting engineered for rugged, industrial environments. With a slim, lightweight profile of less than 2.5" in height, this strobe light maximizes functionality while fitting seamlessly into compact spaces.

In addition to its performance, the Model 407 Slim is a cost-effective solution. It is designed to reduce operational costs while maintaining high levels of efficiency. The updated style makes installation straightforward and adaptable to various vehicle types, increasing its versatility.

MODEL 407 SLIM

IMPROVING SAFETY

The Model 407 Slim 5" round, low-profile design ensures superior visibility and safety in critical situations. Its advanced LED technology delivers bright, attention-grabbing flashes that cut through low-visibility conditions, making it ideal for material handling, construction, mining, forestry, agriculture and other industrial applications.

Constructed with durable, die-cast aluminium housing, the Model 407 Slim is built to withstand the most demanding environments. This rugged build ensures longevity and reliability, even in extreme conditions. Its weatherproof design features a secure seal, protecting against water exposure, making it especially suitable for the most extreme and harsh environments. Additionally, this strobe light meets stringent requirements of SAE J845 Class 1 and Reg 65 Class 1, ensuring compliance with the highest industry standards.

The Model 407 Slim is the perfect lighting solution for industrial vehicles, offering durability, flexibility, and compliance with the latest safety regulations. Its modern, compact design ensures powerful, reliable strobe lighting in any condition. Model 407 Slim: Compact, durable, and compliant with Class 1 standards.

- SAE J845 Class 1
- ECE Reg. 65 Class 1 & ECE Reg. 10
- Sealed to IP67
- 4 Flash Patterns (Beacon, Single, Dual, & Quad Flash)
- Low Profile Mount
- Shallower & More Compact

Model 407 Slim 5" Round Strobe LED Lights

Part No.	Description
0647231	12-24V LED Class I ECE/SAE Amber Strobe Light
0647241	12-24V LED Class I SAE Blue Strobe Light
0647251	12-24V LED Class I SAE Red Strobe Light
0647261	12-24V LED Class I SAE Green Strobe Light
