

MODEL 4418

LED AUXILIARY WORK LIGHT

VERSATILE. COMPACT. POWERFUL.

Rugged Style & Performance.

J.W. Speaker's Model 4418 auxiliary work light is designed to survive the rigors of real work. Off-roading, construction, trucks—you name it, it's ready. Each kit comes with 2 lights and ALL of the wiring and relays needed for installation, **including 100 inches of wire** total for a customized install on your vehicle.

The low profile design and compact size makes it easy to mount wherever you need it, AND is designed to reduce glare from the side. The Model 4418 is available in 3 powerful beam pattern options to give you light exactly where you need it.

The Model 4418 LED auxiliary work light is available now at your authorized J.W. Speaker dealer. For more information & technical specifications, go to www.jwspeaker.com
