

# MODEL 790 XD

SMALL FOOTPRINT. SERIOUS CAPABILITY.

## LED Performance Without the Overkill

Experience dependable performance in a compact form with our new low-profile LED pedestal flood light—engineered as a cost-effective halogen replacement without sacrificing durability or performance. This thin, ultra-lightweight, pedestal design delivers bright, focused illumination in tight spaces while minimizing visual obstruction. By keeping added weight to an absolute minimum, it also helps reduce vibration issues, making it ideal for equipment exposed to constant motion or rough operating environments. Finally—reliable LED performance tailored to the light levels customers actually need.

# MODEL 790 XD

## IDEAL APPLICATIONS

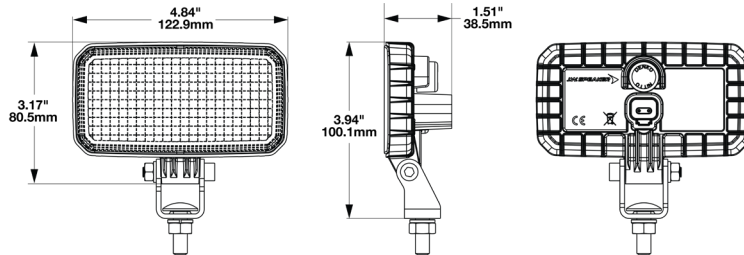

The 790 XD is a durable LED work light ideal for skid loaders, material handling and various agricultural and industrial applications.

### Right-Sized Illumination for Real-World Work

This LED pedestal flood light delivers the right amount of illumination for real-world applications, offering an optimized 800 lumen output that avoids the glare, excess brightness, and added cost of higher-output options. As a low-cost halogen replacement, it brings modern LED efficiency and long service life to equipment operators looking for an affordable upgrade. Its ultra-low-profile, lightweight housing and pedestal design make it easy to integrate into tight spaces while improving visibility and minimizing the chance of impact.

Available in a two-pin Deutsch or Amp connector ensuring a simple plug-and-play installation and polarity neutrality, reducing setup time and wiring complexity. The light also features an exceptionally wide illumination pattern that delivers a smooth, homogeneous field of light, making it especially effective for equipment outfitted with camera systems. Built with durable polycarbonate construction, this compact solution offers reliable, appropriately scaled lighting performance while keeping weight and cost to a minimum.

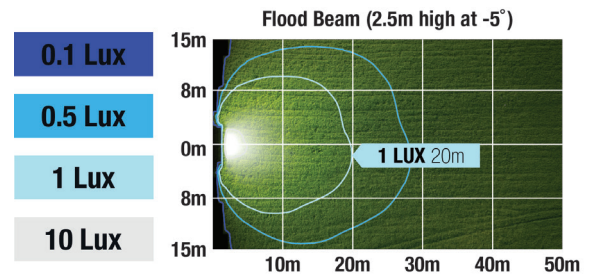

Model 790 XD LED Work Light

Part No.	Description
1604301	12/24V LED Work Lamp with AMP Connector
1604311	12/24V LED Work Lamp with Deutsch Connector

### Key Specifications:

- Polarity Neutral Input Voltage
- Ultra Lightweight
- Highly Homogeneous Pattern
- 800 Effective Lumen Output
- Rated IP69K & IP67
- CE Compliant
