

Model 8600 EVO-X™

THE POWER OF X

Precision Performance. Refined Design.

The Model 8600 EVO-X brings advanced performance and modern styling to the versatile 5.75" (PAR46) round platform. Engineered with a modular optic design and a slimmer profile to fit standard headlamp mounts, it delivers streamlined integration without sacrificing durability.

Featuring improved styling and reduced part weight, the 8600 EVO-X offers a refined, contemporary look backed by rugged construction built to survive the harshest conditions. Aligned with global on-road regulations, it's a dependable solution for applications requiring performance, compliance, and long-term reliability in a compact form factor.

The bold new "X" Optic design adds a modern, unmistakable signature while delivering proven performance.

Model 8600 EVO-X

PERFORMANCE THAT DELIVERS

The 8600 EVO-X improves visibility, reduces downtime, and simplifies installation while meeting on-road compliance standards.

Engineered for Real-World Use.

The 8600 EVO-X delivers reliable performance in a refined, compact 5.75" (PAR46) round platform. Its best-in-class precision beam pattern produces smooth, controlled illumination for on-road and specialty applications where clarity and consistency matter. Built on a modular optic design, it enables clean integration without sacrificing professional-grade output.

Available SmartHeat® technology provides automatic lens de-icing engineered for extreme cold conditions. The 8600 EVO-X withstands vibration, temperature extremes, and moisture exposure. Buy American Act compliant and aligned with global on-road regulations, it offers dependable performance in a modern, premium upgrade solution.
