

# MODEL 8632 EVOLUTION

## UNRIVALLED SAFETY

### Putting Safety on the Highest Pedestal

J.W. Speaker's Model 8632 Evolution LED headlight now addresses the need for effective and efficient de-icing to support around-the-clock operation. Re-designed for superior visibility, extreme durability, and unmatched longevity making it perfect for any job or worksite. Explore model options including daytime running light, front position, turn signal and SmartHeat® Technology. The Model 8632 Evolution offers a powerful and unique LED compact upgrade for pedestal mount 5.75" (PAR46) headlights.

THE ORIGINAL 8632 EVOLUTION  
WITH TURN SIGNAL

THE NEW 8632 EVOLUTION  
WITH SMARTHEAT®

**J.W. SPEAKER®**  
Engineered. Lighting. Solutions.

# 8632 EVOLUTION

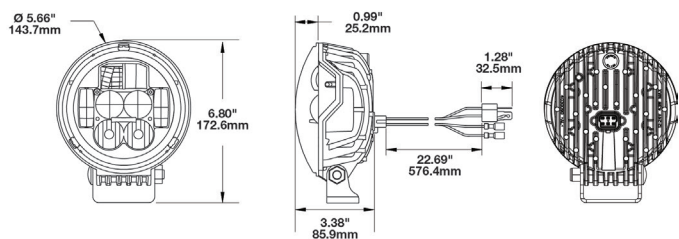

## Work Through the Cold & Snow with SmartHeat®

Now available with SmartHeat® Technology, keep work going throughout the winter months with confidence. The heated versions of the Model 8632 Evolution feature a thermally conductive grid system that will de-ice the lens up to twice as fast as other lights. The SmartHeat® system automatically reacts to outside temperature changes on a real-time basis with no interaction required by the driver. Designed for efficiency, the thermal grid is powered by the High Beam or Low Beam, depending on which is in use.

### HEATED

### NON-HEATED

The versatile Model 8632 Evolution is intended for construction, mining, rail, snow removal, transport, powersport, and off-road markets.

## BREAKING THE STANDARD

With similar optics to our Model 8630 Evolution and our Model 8631 Evolution LED Headlights, our Model 8632 Evolution is mounted on a pedestal and now has the option of J.W. Speaker's innovative SmartHeat® Technology to illuminate any environment.

### Versatile Features:

- High & Low Beam pedestal headlights.
- SmartHeat® Technology options available.
- Headlights are DOT- and ECE-compliant making this product 100% legal for on-road use
- Heated Headlights are sold as single lights
- Non-heated headlights are sold as single lights or kits.
- Plug-and-play installation for easy installation.
- Headlights with a side marker meet ECE R92 requirements
- Turn signal, front position, & daytime running light (non-heated only) functions utilize an outer ring at high intensities.

### SmartHeat® Heated Model 8632 Evolution without Side Marker

Part No.	Description
0530031	24V DOT/ECE LED RHT Heated Headlight w/ Turn Signal & FP
0530041	24V DOT/ECE LED LHT Heated Headlight w/ Turn Signal & FP
0530032	24V DOT/ECE LED RHT Heated Headlight w/ Turn Signal & FP - Bulk
0530042	24V DOT/ECE LED LHT Heated Headlight w/ Turn Signal & FP - Bulk

### Non-Heated Model 8632 Evolution with Side Marker

Part No.	Description
0551983	12-24V DOT/ECE LED RHT Headlights w/ Turn Signal, FP & DRL - Kit of 2
0551973	12-24V ECE LED LHT Headlights w/ Turn Signal, FP & DRL - Kit of 2
