

Model 8700 EVO-X™

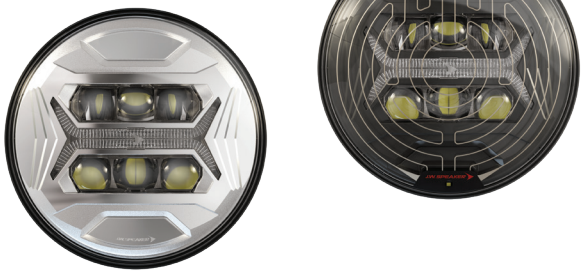

THE POWER OF X

Serious performance. Smarter design.

The Model 8700 EVO-X brings advanced optical performance to the proven 7" (PAR56) round platform engineered for vehicles operating in harsh weather, rugged terrain, and demanding service conditions.

Powered by industry-leading JWS Dual Burn® technology, it maintains broad, controlled low beam spread while delivering powerful high beam punch. Whether clearing highways in a snow-storm, supporting municipal fleets through long winter nights, or navigating off-road terrain, the 8700 EVO-X provides confident, usable light without compromise.

The bold new "X" Optic design adds a modern, unmistakable signature while delivering proven performance.

Model 8700 EVO-X

PERFORMANCE THAT DELIVERS

The 8700 EVO-X improves visibility, reduces downtime, and simplifies installation while meeting on-road compliance standards.

5-in-1 Headlight
Non-Heated Version with Black or Chrome Bezel

5-in-1 Headlight
Heated Version with Black or Chrome Bezel

Confidence in Any Condition

The 8700 EVO-X is purpose-built for vehicles that work when others don't. Its precision, best-in-class uniform beam pattern delivers smooth, controlled illumination for snow-covered roads, rural highways, and low-visibility environments. Wide low beam coverage enhances peripheral awareness, while high beam punch provides down-road clarity in open or unlit conditions.

Engineered to survive the harshest environments, the 8700 EVO-X withstands vibration, extreme temperatures, moisture exposure, and continuous-duty operation ideal for snow plow trucks, municipal fleets, utility vehicles, and government platforms. Available SmartHeat® technology provides automatic lens de-icing for cold-weather reliability.

Key Specifications:

- 5 in 1 Forward Lighting Configurations
- Full Brightness at Low Voltage
- Smooth, Homogeneous Beam Pattern
- Neutral White LED Output
- Modular Optic Design
- DOT & ECE Compliant
- Buy American Act Compliant
- P67 & IP69K Rated Connector

Model 8700 EVO-X 7" Round LED Headlights - Non-Heated

Part No.	Description
0562241	LED 5-in-1 Headlight with Chrome Bezel
0562271	LED High and Symmetric Low Beam Headlight Front Position with Black Bezel
0562331	LED High and Low Beam Headlight with Black Bezel
0562341	LED High and Low Beam Headlight with Chrome Bezel
0562301	LED 5-in-1 Headlight with Chrome Bezel
0562291	LED 5-in-1 LHT Headlight with Black Bezel
0562231	LED 5-in-1 RHT Headlight with Black Bezel
0562281	LED High and Symmetric Low Beam Headlight with Chrome Bezel
0563231	LED LHT High and Low Beam Headlight with Chrome Bezel
0563221	LED LHT High and Low Beam Headlight with Black Bezel

Model 8700 EVO-X 7" Round LED Headlights - Heated

Part No.	Description
0562361	LED High and Low Beam Heated Headlight with Chrome Bezel
0562351	LED High and Low Beam Heated Headlight with Black Bezel
0562251	LED 5-in-1 Heated Headlight with Black Bezel
0562261	LED 5-in-1 Heated Headlight with Chrome Bezel
