

# MODEL 8800 & 8801

# EVOLUTION 2

## THE STARS HAVE ALIGNED

\*When installed on vehicles at gross weight with headlights at 0.8—1.2m off the ground.

### Unmatched safety and performance

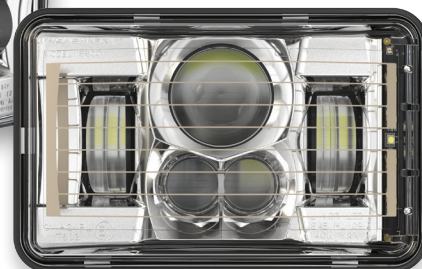

J.W. Speaker Corporation launched the Model 8800, which was the industry's FIRST 4" x 6" LED headlight that meets proposed National Highway Transportation Safety Administration (NHTSA) guidelines for a 5-Star NCAP-compliant low beam headlight. The Model 8800 Evolution 2 includes both heated and non-heated versions featuring improved sealing, superior condensation management and a wider operating voltage, supporting DOT, ECE and military standards.

Re-imagined as a pedestal mount, the new Model 8801 Evolution 2 provides superior visibility, extreme durability, and unmatched longevity with availability in heated and non-heated SAE & ECE compliant versions.

# MODEL 8800 & 8801

## EVOLUTION 2

### LED HEADLIGHTS

J.W. Speaker has leveraged its ground-breaking solid optics technology to provide the means to upgrade a truck's forward lighting package to achieve NHTSA proposed 5-Star automotive lighting performance levels. **Conventional reflector optics are NOT capable of meeting this standard.**

Heated versions feature a thermally conductive grid system to de-ice lenses up to twice as fast as competitor's lights. This proprietary, best-in-class system reacts to temperature changes on a real-time basis with no action required by the driver.

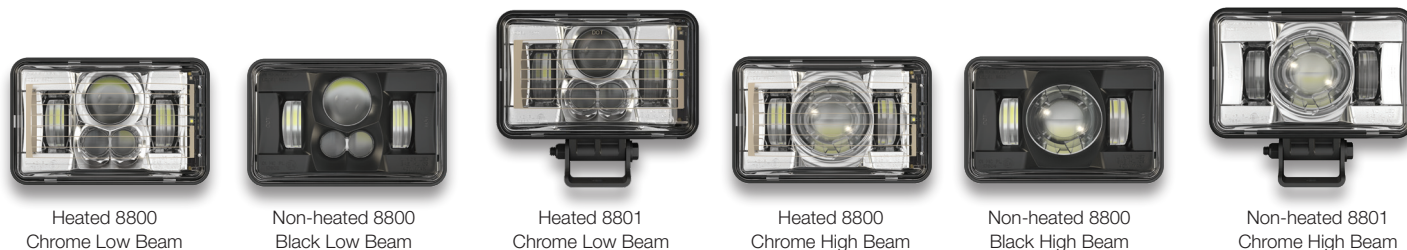

J.W. Speaker's headlight now addresses the need for effective and speedy de-icing to support around-the-clock operation.

**All Model 8800 Evolution 2 LED headlights comply with:**

ECE Reg 112, IEC IP69K, Buy America Standards

\*When installed on vehicles at gross weight with headlights at 0.8—1.2m off the ground.

#### Heated Versions

12-24V DC Input; ECE-compliant

Part No.	Model 8800 Description
0551781	LED High Beam Headlight with Chrome Bezel
0552671	LED High Beam Headlight with Black Bezel
0551771	LED RHT Low Beam Headlight with Chrome Bezel
0552651	LED RHT Low Beam Headlight with Black Bezel
0552091	LED LHT Low Beam Headlight with Chrome Bezel
0552661	LED LHT Low Beam Headlight with Black Bezel

Part No.	Model 8801 Description
0560071	LED SAE/ECE High Beam Pedestal Headlight with Chrome Bezel
0560061	LED SAE/ECE RHT Low Beam Pedestal Headlight with Chrome Bezel

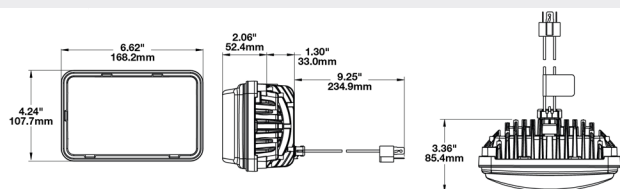

#### Non-Heated Versions

12-24V DC Input; ECE-compliant

Part No.	Model 8800 Description
0551381	LED High Beam Headlight with Chrome Bezel
0552571	LED High Beam Headlight with Black Bezel
0551371	LED RHT Low Beam Headlight with Chrome Bezel
0552551	LED RHT Low Beam Headlight with Black Bezel
0551391	LED LHT Low Beam Headlight with Chrome Bezel
0552561	LED LHT Low Beam Headlight with Black Bezel

Part No.	Model 8801 Description
0560051	LED SAE/ECE High Beam Pedestal Headlight with Chrome Bezel
0560041	LED SAE/ECE RHT Low Beam Pedestal Headlight with Chrome Bezel

LHT = Left Hand Traffic; RHT = Right Hand Traffic
