

Model 8900 EVO-X

THE POWER OF X

Advanced Performance. Refined Design.

The Model 8900 EVO-X delivers dependable performance in a 5" x 7" rectangular platform engineered for commercial fleets and snow plow operations. Designed for vehicles that operate long hours in harsh conditions, it combines advanced optical performance with the durability required for real-world work environments. The bold new "X" Optic design adds a modern, unmistakable signature while delivering proven performance.

Powered by industry-leading JWS Dual Burn® technology, the 8900 EVO-X maintains wide low beam coverage while delivering strong high beam punch. Full brightness at low voltage ensures consistent output across aging electrical systems critical for fleet reliability.

J.W. SPEAKER.
Engineered. Lighting. Solutions.

Model 8900 EVO-X

PERFORMANCE THAT DELIVERS

The 8900 EVO-X improves visibility, reduces downtime, and simplifies installation while meeting on-road compliance standards.

Designed for Demanding Conditions.

The 8900 EVO-X is engineered for sustained performance in demanding environments. Its smooth, homogeneous beam pattern minimizes glare and dark zones, delivering precise, controlled illumination for highways, job sites, and low-visibility conditions.

Neutral white LEDs enhance clarity and awareness during extended operation, while available 5 in 1 forward lighting integrates multiple functions into a streamlined, efficient design. Built to endure severe conditions, available SmartHeat® lens heating helps reduce ice buildup, while a P67 & IP69K rated sealed connector and modular optic platform provide advanced protection, durability, and long-term serviceability.

Model 8900 EVO-X 5" x 7" LED Headlights - Non-Heated

Part No.	Description
0562591	LED High and Low Beam Headlight Front Position with Black Bezel
0562731	LED High and Low Beam LHT Headlight Front Position with Chrome Bezel
0562601	LED High and Low Beam Front Position Headlight with Chrome Bezel
0562471	LED 5-in-1 Headlight with Black Bezel
0562481	LED 5-in-1 LHT Headlight with Chrome Bezel
0562721	LED LHT High and Low Beam Front Position Headlight with Black Bezel

Model 8900 EVO-X 5" x 7" LED Headlights - Heated

Part No.	Description
0562621	LED High and Low Beam Heated Front Position Headlight with Chrome Bezel
0562611	LED High and Low Beam Heated Front Position Headlight with Black Bezel
0562491	LED 5-in-1 Heated Headlight with Black Bezel
0562501	LED 5-in-1 Heated Headlight with Chrome Bezel

Key Specifications:

- 5 in 1 Forward Lighting Configurations
- Full Brightness at Low Voltage
- Smooth, Homogeneous Beam Pattern
- Neutral White LED Output
- Modular Optic Design
- DOT & ECE Compliant
- Buy American Act Compliant
- P67 & IP69K Rated Connector
