

MODEL 894

STAY ALERT WITH INCREDIBLE VISIBILITY

Bright & Durable

Be bold with the Model 894 LED Compact Work Light. This powerful 3"x17" LED work light is designed to project a wide flood beam in front of your vehicle for unparalleled visibility. Whether in agriculture, construction, mining, or off-road environments, this light will ensure you can stay active, productive, and safe at all hours and in any weather conditions.

Built with sturdy aluminum housing and an impact-resistant polycarbonate lens, the Model 894 shines brightest for crews in the harshest, most demanding worksites.

MODEL 894

NONSTOP PRODUCTIVITY

The versatile Model 894 is ideal for agricultural equipment, construction machinery, mining vehicles, and other off-highway platforms where compact, reliable lighting is essential.

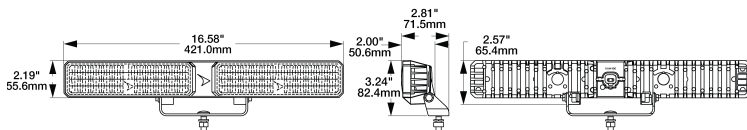

Optimize Safety

The durable, pedestal-mounted, and corrosion-resistant Model 894 fits easily on a wide range of work vehicles to keep productivity moving. Built with thermal throttling protection to ensure long-lasting performance, it's ideal for demanding agriculture, construction, and mining applications. Rated IP67 and IP69K, the Model 894 is fully protected against dust, dirt, high-pressure water, and the harsh conditions typical of rugged, weather adverse work environment.

The Model 894 features an advanced optical system that enhances light distribution efficiency. The optical design minimizes glare, reduces hotspots, and delivers homogeneous pattern, ensuring consistent, high-quality illumination across the entire work area.

Rethink what's possible in compact lighting. Discover the precision and power of the Model 894.

Model 894 LED Compact Work Light

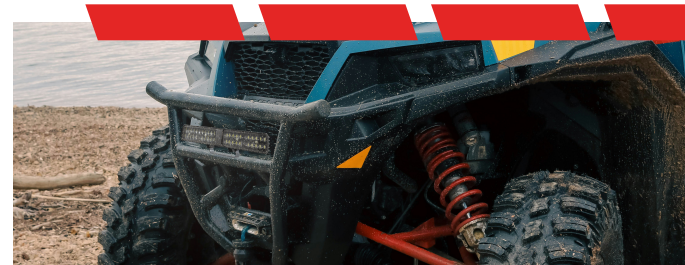

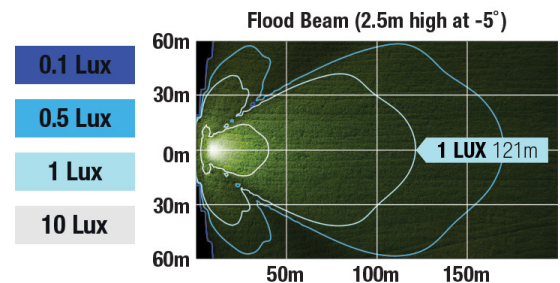

Part No.	Description
1300781	12-24V LED Work Light with Pedestal Mount
