

MODEL 905

WORK LIGHT

LIGHTER, BRIGHTER & BETTER

Sleek, stylish and convenient, this family of LED work lights are about half the weight of traditional halogen lights, but with much more functionality. Use the Model 905 for a unique, low profile, and low voltage work light that won't compromise your space or power. Featuring multiple mounting options, stunning lens options and customization these compact work lights are perfect for a wide range of tasks and applications.

MODEL 905

HIGHLY CUSTOMIZABLE

Use the compact Model 905 for the perfect combination of style and performance.

Model 905 LED Backup + Work light

Model 905 LED Diffused Work Light

Choose the Model 905 Work Light as a comprehensive dusk-to-dawn lighting system. Place the Model 905 on a wide range of work vehicles or stations with ease, with available panel and pedestal mount options. Designed and engineered to get attention while you get your work done safely via multiple expansive lighting options, including:

LED Backup + Work Light

Alert others that your vehicle is backing up with LEDs that brighten up any area with a wide, expansive 1,400 lumen flood beam pattern.

LED Diffused Work Light

Use a powerful, flood beam pattern with an aesthetically pleasing work light that combines style and function.

Compact Size, Big Impact

Looking to lighten your workload? Seeking a bigger, safer adventure? Choose the compact, lightweight Model 905 work light for crisp, clear, expansive illumination in any setting. Or use the Model 905 and 260 together to create the ultimate lighting system giving you confidence to conquer any journey or worksite.

The Model 905 work lights are stylish, low-profile and lightweight lights that you can place anywhere at any time. Measuring about 10" x 2" and only ½" thick, the sleek lights pack a lot of power and functionality into a small assembly.

Applications

The Model 905 Work Light is extremely customizable and can be used in various different applications from agriculture, transport, off-road, and powersports.
