# STRONGER, BRIGHTER, **SAFER**

J.W. Speaker's latest LED Strobe Light Series introduces a refresh of lighting solutions designed to offer superior visibility and safety in even the most challenging environments. With some updated designs and an overall increased brightness, these lights are engineered to meet the demanding needs of industrial, construction and agricultural applications. The LED Strobe Light Series delivers unmatched performance, ensuring that you stay visible and safe in any condition.

## *NEW!*
## Model 407
# LOW PROFILE STROBE LIGHTS
## 5" Round Low Profile

The Model 407 is a high-performance LED strobe light engineered rugged, industrial environments.

- Slim profile measuring less than 2.5" in height.
- Upgraded design that replaces the Model 406 and previous Model 407.
- Features 4 Flash Patterns: Beacon, Single, Dual, and Quad Flash
- Meets Class 1 requirements of SAE J845 and ECE Reg 65.

Key Markets:

| Material | Truck & Bus | Construction | Agriculture | Mining | Railroad |

## Model 146
# AMBER FLASHING WARNING LIGHT
## 65mm Round

The Model 146 is a compact, high-visibility warning light built for durability and efficiency.

- Stands less than two inches tall, offering a low-profile design that's highly visible.
- Durable polycarbonate housing and lens withstand tough worksite conditions.

Key Markets:

| Construction | Material | Industrial |

# Model 210
# SOLAR FLASHER & WARNING LIGHT

## 147mm x 136mm

The Model 210 is a durable, easy-to-install solution for increasing visibility and safety in remote or dimly lit areas without access to power.

- Bright solar-powered LEDs with visibility up to 1 mile.
- Flash sequence activates in low-light conditions.
- Mounts securely to any surface using Click Bond™ adhesive.
- Fully charges in 6 hours and lasts up to 120 hours.

**Key Markets:**

| Construction | Industrial | Marine | Mining | Railroad |

# Model 284
# STROBE WARNING LIGHT

## 2" x 9"

The Model 284 is a rugged and versatile option for side-mounting on vehicles like forklifts.

- Acrylic lens resists scratches and scuffs for long-lasting clarity.
- Durable ABS housing offers maximum protection for the LEDs.
- Available with amber or blue lenses.

**Key Markets:**

| Material | Industrial | Construction | Mining | Truck & Bus |

# Model 538 & Model 539
# STROBE SAFETY WARNING LIGHTS

## 3" Round Pipe or Flange Mount

The updated Model 538 and 539 LED strobe lights deliver greater brightness, durability, and safety for demanding environments.

- Utilizes multi-color LEDs instead of colored lenses.
- Robust polycarbonate housing with sealed IP67-rated design for superior dust and water protection.
- Amber Strobe options meets SAE Class II standards.
- Indicator light with a frosted lens that signals red or green to remind drivers to buckle up.
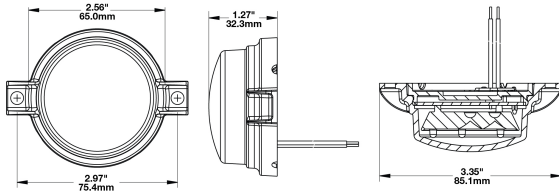

**Key Markets:**

| Agriculture | Construction | Truck & Bus | Material | Mining | Industrial |

# PRODUCT DETAILS

## MODEL 146

| Part No. | Color | Description |
|----------|-------|-------------|
| 0646321 | Amber | 12-48V LED Flashing Warning Light |

## MODEL 210

| Part No. | Color | Description |
|----------|-------|-------------|
| 0647031 | Amber | LED Solar Flasher |
| 0647041 | Red | LED Solar Flasher |
| 0647071 | Amber | LED Solar Flasher w/ Click Bond™ Mounting Kit |
| 0647081 | Red | LED Solar Flasher w/ Click Bond™ Mounting Kit |
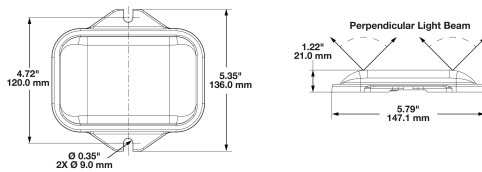

## MODEL 538

| Part No. | Color | Description |
|----------|-------|-------------|
| 0646391 | Amber | 12-80V Class II LED Strobe Light with Pipe Mount |
| 0646401 | Red | 12-80V Class III LED Strobe Light with Pipe Mount |
| 0646411 | Green | 12-80V Class III LED Strobe Light with Pipe Mount |
| 0646421 | Blue | 12-80V Class III LED Strobe Light with Pipe Mount |
| 0646431 | White | 12-80V Class III LED Strobe Light with Pipe Mount |
| 0647121 | Red/Green | 12-80V LED Indicator Light with Pipe Mount |

## MODEL 284

| Part No. | Color | Description |
|----------|-------|-------------|
| 0645661 | Amber | 12-48V SAE LED Strobe Light |
| 0645761 | Blue | 12-48V SAE LED Strobe Light |

## MODEL 407

| Part No. | Color | Description |
|----------|-------|-------------|
| 0647231 | Amber | 12-24V LED Class I ECE/SAE Strobe Light |
| 0647251 | Red | 12-24V LED Class I SAE Strobe Light |
| 0647241 | Blue | 12-24V LED Class I SAE Strobe Light |
| 0647261 | Green | 12-24V LED Class I SAE Strobe Light |
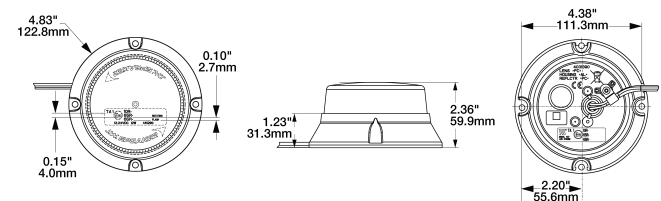

## MODEL 539

| Part No. | Color | Description |
|----------|-------|-------------|
| 0646441 | Amber | 12-80V Class II LED Strobe Light with Flange Mount |
| 0646451 | Red | 12-80V Class III LED Strobe Light with Flange Mount |
| 0646461 | Green | 12-80V Class III LED Strobe Light with Flange Mount |
| 0646471 | Blue | 12-80V Class III LED Strobe Light with Flange Mount |
| 0646481 | White | 12-80V Class III LED Strobe Light with Flange Mount |
| 0647131 | Red/Green | 12-80V LED Indicator Light with Flange Mount |
