

# TRAIL 6™

**CONTROL. POWER. SCIENCE.**

Light up dark areas to steer clear of hazards ahead for better safety and visibility, with the Trail 6 off-road lights.

Compact, powerful, easy to mount on any vehicle as a bracket, hanging, or panel mount for a custom lighting system. Now with camera.

## Total control & customization.

Unlock exclusive features with the **J-Link™** mobile app with the Trail 6 Pro™:

**Light Control:** Change brightness of the light pattern

**LED Color:** Switch between white or amber LEDs

**Light Modes:** Create & save light groups and preferred settings

**Camera:** View trails with wide-wrange visibility

# TRAIL 6™ CONTROL. POWER. SCIENCE.

## Experience the Control with Trail 6 Pro™

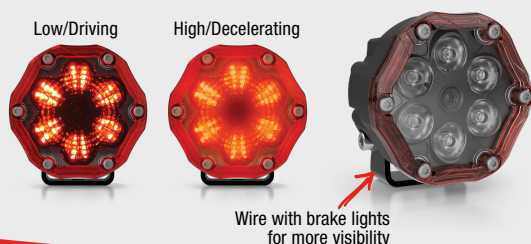

You need lights that adapt fast on the trail. Experience the control of the Trail 6 Pro for an unrivalled off-road experience. The smartest off-road light is powered by Bluetooth® technology to control LED color and light intensity, and group+control multiple lights together using the **J-Link app**.

**J-LINK** Bluetooth®

## Experience the Science with Trail 6 Flash™

When you're blazing the trails you need a light to tell others when you're slowing down—before you even touch the brakes. The deceleration-sensing Trail 6 Flash will make you stand out for style and safety with added seconds of warning to other drivers.

## Experience the Power with Trail 6 Sport™

You need reliable, bright lights that are as tough as the trails you ride. Easily mount the unstoppable Trail 6 Sport anywhere to light up the trails with over 2,300 Effective Lumens of bright white light.

## Experience it All with Trail 6™ + Camera

View every trail with wide-range visibility, taking fun and safety to the next level. Elevate your Trail 6 with our compact and high-quality camera. Designed to fit any Trail 6 with your choice of a Side or Center Bezel.

Center Bezel with Camera

Side Bezel with Camera

If you already own a Trail 6™: select bezel and monitor.  
If you do not own a Trail 6™: we recommend the Trail 6 Pro™.

Trail 6 Pro™ with  
Center Bezel with Camera
