# DESIGNED FOR RENEGADES.

**J.W. Speaker has created the first LED headlight specifically for the Jeep Renegade.** The Model 8700 Evolution 2R puts a new spin on traditional Jeep® styling and enhances the already rugged design of the Renegade. Model 8700 Evo 2R headlights have bright, white LEDs to light up your drive like no other headlight can, making them safer than standard halogen lights.

The 8700 Evo 2R features J.W. Speaker's Dual Burn™ technology. By combining your high and low beam, the Dual Burn optics provide the driver with both widespread visibility along with a powerful punch of light down the road!

**Get ready for your next great adventure with the 8700 Evo 2R headlights for the Jeep Renegade.**

## Model 8700 Evolution 2R

7" Round LED High & Low Beam Headlight; 12V DC Input

- Renegade-specific electrical compatibility & design
- Dual Burn™ high beam optics for extra punch of light
- Street-legal for on-road use
- Available in black or chrome bezel
- Dedicated left-and right-hand versions in each kit of 2
